

Lesson 18.4 Skills Practice

HW

NAME _____ DATE _____

4. The histogram displays the number of graduates from various high schools in Georgia for the year 2008.

- a. How many high schools represented in the histogram had 300 or more graduates in 2008?

- b. How many high schools are represented in the histogram?

NAME _____ DATE _____

7. Create a histogram based on the data in the frequency table.

Number of Books Read by Members of the Novel Idea Book Club	
Number of Books Read	Frequency (f)
0-9	7
10-19	13
20-29	9
30-39	2
